Drawing 4 Absolute Beginners

This class is for the absolute beginner. It will take you through a programme of exercises designed to teach the fundamentals of drawing and show that we can all draw.

You will progress from mark making to exploring form and space, creating a tonal scale and using various methods of adding tone to give a drawing 3 dimensions. Later you will develop perspective and look at composition and scale.

Throughout the course we shall look at the work of both the Masters of drawing and contemporary draughtsmen.
