

COURSE DESCRIPTION / CONTENT

ACRYLICS - THAME

Tutor: Ali Cockrean

Using Acrylics, we will explore the wide range of effects that can be achieved using this medium. Inspiration will come from a variety of sources including – your own life experience, other artists, photographs, music and poetry.

Ongoing attention to composition, line, tone, colour and texture will form an integral part of our studies and hopefully result in work with true depth and focus.

This course is run in a supportive, friendly and relaxed environment.
