

COURSE DESCRIPTION / CONTENT

WATERCOLOURS

ALL ABILITIES

The aim of this course is to introduce students to the basic techniques of watercolour painting. You will learn colour mixing, brush techniques, wet in wet washes, basic composition and a general use of the materials.

The course covers a wide range of subject matter, including landscape, floral, and still life. Each session offers class demonstrations, one-2-one tuition, hand outs and coloured reference material.

This course is run in a supportive, friendly and relaxed environment.

Course material will be available to buy at the class.

The tutor will give necessary advice.
